GIVE LOCAL FIRST - CHARITY BBQ FESTIVAL

MAY 17 & 18, 2024

THE HEART OF THE OZARKS FAIRGROUNDS - WEST PLAINS, MO

Howell County Health Department Guidelines:

- **BOOTH.** The stand or booth should have overhead protection and, in most cases, be fully enclosed. There may be openings for a serving window and a door for entry; however, the door is to be kept closed during operation. Screening material may be used for the walls, doors and the serving window(s). The floor of the stand should be hard, smooth, and constructed of easily cleanable materials. All food preparation, food storage and service are to be done within this enclosed area. *Screening may not be necessary if flying insects or other pests are absent due to the location of the food stand, the weather, or other limiting factors. Asphalt, concrete, or plywood may be acceptable floor surfaces in temporary food stands.*
- **HAND SINK.** Adequate hand washing facilities consist of a hand sink equipped with hot and cold running water, soap, paper towels, wastebasket and signage. A temporary sink set-up can be made that consists of a vessel full of water with a spigot type dispenser, soap, paper towels, a waste-basket and a bucket to collect wastewater. *Remember to wash hands: before starting or returning to work, after eating, smoking, or using the restroom, when changing duties, before putting on gloves and whenever hands become soiled. The use of gloves or hand sanitizers is not a substitute for handwashing.*
- **BARE HAND CONTACT.** A food employee's bare hands may not touch ready-to-eat-foods. Tongs, spatulas, deli tissues, or gloves must be used.
- **FOOD.** All foods and beverages are to be prepared on-site or at a food establishment currently under inspection. It is a good idea to have a recent inspection document on hand. There are exceptions in place for religious, non-profit, and charitable groups, and small food processors allowing them to serve home prepared foods.
- **COOKING.** An essential part of food safety is assuring that proper final cooking temperatures are met. Proper cooking temperatures for some common foods are: **Chicken: 165o degrees * Fish/seafood: 145o degrees * Hamburgers: 155o degrees * Pork: 145o degrees**
- **WAREWASHING.** Warewashing may be done in a three-bin sink or temporary set-up using bus tubs. First, items should be washed in hot, soapy water. Second, they should be rinsed in clean, warm water. Third, they should be chemically sanitized in warm water with an approved sanitizer. Finally, the items should be air-dried.
- **WATER.** Sufficient potable water needs to be on hand. If the unit is a mobile temporary stand, the tank is to be constructed of a durable, corrosion resistant material that is easily cleanable. Vents, inlets and outlets should be screened, or positioned so that they are protected from contaminants. Prior to use or after repair, the tank and system should be flushed and sanitized.
- **WASTEWATER.** Wastewater needs to be disposed of through an approved sanitary sewage system. Do not dump wastewater on the ground or in the street. Mobile units equipped with a holding tank, must be sized fifteen (15) percent larger than the water supply tank.
- **STORAGE.** All foods and single-use or service articles—paper plates, cups and lids—should be stored at least six (6) inches above the floor or ground and protected from contamination.
- **SANITIZER AND WIPING CLOTHS.** An approved sanitizer should be provided (chlorine or quaternary ammonium compounds, or iodine). Wiping cloths should be stored in the sanitizer when not in use. When using bleach to sanitize, mix one teaspoon of unscented bleach to each gallon of water.
- **HAIR RESTRAINT.** Food vendors should wear hats, scarves, visors or hairnets that are designed and worn to effectively keep hair from contacting exposed food.
- **TRASH.** Trash must be handled in a manner so that it does not create a nuisance or is an attractant to pests. The container should be covered when full or not in constant use. Solid waste is to be disposed of properly.
- **FOODS STORED IN ICE.** Packaged and unpackaged foods and bottled or canned beverages may not be stored in direct contact with undrained ice or water.

By signing this agreement, I agree to the following:

- I have read the waiver of liability and agree to such
- To abide by all rules and regulations set forth by Ozark Marketing Company
- To abide by all guidelines set forth by the Howell County Health Department
- My vehicle, equipment, tent etc. must stay within my assigned area
- Generators are encouraged as electricity is limited
- Check-In is Friday between 9:00AM – 2:00PM.
- Meat Inspection will be between 10:00AM – 3:00PM determined by arrival
- Teams may remove their items from the area on Sunday morning between 7:00AM-10:00AM.
 - All trash, ash, grey water and grease shall be disposed of in designated areas
- All vehicles must be moved to the designated parking area by 4:00PM on Friday unless they are in the assigned area
- Registration fees are non-refundable after February 28, 2024
- Top payouts will require a W9 from recipient before payment is made
- Samples to visitors inside the festival is encouraged but not required
 - Portion cups, spoons and napkins will be provided for participating teams
- The sale of spices, rubs, marinades, and sauces is allowed.
 - Howell County Health Department regulations apply
 - Vendor is responsible for all sales tax
 - Please include a sheet with items listed if this applies
